Short – Term Contract: Great Sea Reef Programme

The Role
The Great Sea Reef Programme is looking for two (2) interested individuals to be engaged on a Short Term Contract, to assist with the completion of various management plans for projects currently been implemented in the Provinces of Ba and Macuata, Fiji.

Scope of Works
The tasks include, and are not limited to:

- Desktop review and collation of information needed for identified Fisheries Management Plans
- Collation of various maps
- Translation of draft action plans to English (where needed)
- Alignment of various Management plans to related community, provincial and national plans, polices and legal frameworks

Required Skills and Experience:

- At least a diploma in relevant Marine Science, Biology and/or related studies
- Work experience in similar area will be an added advantage
- Good knowledge of the Great Sea Reef landscape/seascape will be an added advantage.

Competencies:

- Knowledge of and experience with development and/or environment issues.
- An ability to manage high workloads, multi-task and prioritize work.
- Computer literacy & project management skills required.
- Excellent communications & interpersonal skills.
- Flexible approach and commitment to working as part of a team.
- Clearly demonstrates behaviors aligned to the culture of WWF: Strive for Impact, Listen Deeply, Collaborate Openly and Innovate Fearlessly
- Identifies and aligns with the core values of the WWF organization: Courage, Integrity, Respect & Collaboration

Applications procedures: Interested applicants are encouraged to send an application, including a complete CV with full contact details of three referees in PDF format.
